

I Like It That Way

by William Mylar

G/E/G

Falling sunlight, through trees out my window,

G/E/G

Waking me softly, I feel the soft breeze blow.

D C G

Baby, I like it that way.

G/E/G

Playing my guitar all by myself.

G/E/G

Just picking and playing some book on my shelf.

D C G

Oh, baby, I like it that way.

G/E/G

Having some fun with my friends and my family.

G/E/G

Just doing the things that I know make me happy.

D C G

Oh, baby, I like it that way.

Chorus

D C G

And if you like it too, you can stay for awhile.

D C G

Just as long as we're both laughing and we never lose that smile.

Bm Am

And I'll try to build a little heaven for myself.

C G C G C G D C G/E/G

Oh, baby. Ooh, baby. Mmm ba-by. I like it that way.

Lying beside you and kissing your face.

Listening to everything that you have to say.

Oh, baby, I like it that way.

Walking together hand in hand.

I look in your eyes and we both understand.

Oh, baby, I like it that way.

Chorus

And if you like it too, you can stay for awhile.

Just as long as we're both laughing and we never lose that smile.

And I'll try to build a little heaven for ourselves.

Oh, baby. Ooh, baby. Mmm baby. I like it that way.

Falling sunlight, through trees out our window,

Waking us softly, we feel the soft breeze blow.

Baby, I like it that way.

Having some fun with our friends and our family.

Just doing the things that I know make us happy.

Oh, baby, I like it that way.

Chorus

And since you like it too, oh, please stay for awhile.

'Cause I know we'll always be laughing. Yeah, we'll never lose that smile.

And we got us a little piece of heaven right here for ourselves.

Oh, baby. Ooh, baby. Mmm baby. I like it that way.

Oh, baby, I love it that way.
